WDMS HK INTRODUCTION

A premium platform for mining, energy, infrastructure and PoW ecosystem partners

WDMS HK 2026 brings the World Digital Mining Summit to Hong Kong, connecting global mining leaders, energy and data center infrastructure partners, pools, service providers, media and ecosystem builders. The Hong Kong edition is positioned as a focused international business platform for brand exposure, executive networking, stage visibility and high-intent partnership development.

Program Focus

PoW ecosystem

Mining industry dialogue and ecosystem expansion

Energy + hosting

Data center, energy and operational efficiency opportunities

Global BD

Sponsor-led meetings, visibility and partner development
